Hi Maureen,

Thank you for your patience while I completed the interview questions. Please find my responses and photos attached.

Warm regards,
Jade

Hi, Jade—

I'm glad that you will be participating! I look forward to receiving your interview responses and photos.

With kind regards,
Maureen

Hi Maureen,

Thank you very much for reaching out and for the invitation to be featured in the Author Spotlight!

I would be happy to participate, and I appreciate the opportunity to share more about our research and publication. I will review the interview questions and plan to return my responses along with the requested photographs by July 14.

Kind regards,

Jade

You don't often get email from mpeck@awwa.org. [Learn why this is important](#)

Dear Natchaya,

You and your coauthors published "[Evaluating State Nitrification Action Plans for Controlling Distribution System Nitrification and MDBPs](#)" in the September/October 2025 issue of *AWWA Water Science*.

Through our Author Spotlight interviews, *Journal AWWA* readers learn about the research that's reported in *AWWA Water Science*.

Would you like to participate? It's a simple process:

1. Ten interview questions are attached.
2. You'll add your answers (about 90–200 words each—whatever amount you need) to the Word document and send them to me by **Tuesday, July 14**, along with three or four high-resolution photographs of you to be used in the layout (a combination of work and leisure photos is ideal).
3. Upon receiving your interview responses, we schedule publication in *Journal AWWA* and coordinate related paperwork.
4. We lightly edit your responses and prepare them, with the photographs, for layout.

I hope you're interested in participating in Author Spotlight; please let me know as soon as you can. I think you'll like the final piece. Here are examples of ones we have published: <https://awwa.onlinelibrary.wiley.com/action/doSearch?AllField=Author+Spotlight>

With kind regards,

Maureen
